

Our Store will be CLOSED MONDAY, January 19th, in Honor of the BIRTHDAY of Our Great Southern Chieftain, GENERAL R. E. LEE.

McAdams & Berry

IN PLACES OF AMUSEMENT.

WHAT WILL BE SEEN THIS WEEK
IN RICHMOND.Paragraphs of Special Interest to the
Theatre-going Public in About Plays and
Players in New York City and Elsewhere.

"The Crystal Slipper," has now been played seven hundred times, and it is estimated has been seen by over a million and a quarter of people.

The rumor that the New York Mirror will soon suspend publication is pronounced entirely untrue and without foundation by its proprietor, Mr. Harland Goldin.

The "Opera Lyrique" Savoy Theatre to follow "The Gondoliers," will be composed by Edward Solomon, and written by George Dance. It will be called "The Naught Girl."

John L. Sullivan is going to Australia next June. Tom E. Rogers made the deal for the MacMahon Bros., of Melbourne, Duncan Harrison, Jack Barnitt and Joe Landon, and their wives, accompany the clants.

In her suit against her former managers, Stern & Mayer, Pauline Hall has so far had four firms of attorneys in as many months. It is a pretty sight as Pauline and Pauline Hall being called in the legal documents, by her lawyers.

A bold, daring and dashing boat will be riding down a steep run and taking a flying leap off the stockade of the fort by Kate Purcell in her new military drama, "A Woman Hero." Miss Purcell will ride her horse Firedly in this scene without a saddle and with a bullet.

ATTACKED BY PIRATES.

The Recent Experience of Virginia Missionsaries in China.
(For the Times.)

ASHLAND, Va., Jan. 17.—Some weeks ago there appeared a press report of an attack by pirates upon a party of American missionaries sent from Shanghai to Sichow, China. The story of the pirates given by one of them was Major Littleton, brother of Professor R. B. Smith, of Randolph-Macon College. Your correspondent, knowing of Miss Smithie as a Virginian, with a large circle of friends and acquaintances, visited Professor Smithie at his home in Saxon. In view of the event the majority is small enough to create a good deal of apprehension in Democratic circles.

HILL STILL RETICENT.

FROM MISSIONARY HEADQUARTERS.

Miss Smithie sailed from America last summer for China. She was assigned to a position in the school of which Miss Clara Haygood is principal, at Saxon last October. Her confinement at Saxon has not been known to the public through the columns of THE TIMES.

GOING TO CHINA.

WHAT FATHER CRAFT THINKS.

THE HILL CAMP STARTLED.

A DEMOCRATIC ASSEMBLYMAN ARRESTED FOR FORGERY.

The Governor SETH MILES on the Senator ship—What Father Craft Thinks of the Indian War—Carmenita to Get a Salary of \$100 Per Month—New York News.

NEW YORK BUREAU, J. RICHMOND DAILY TIMES, January 17, 1891.

Frank P. Denvers, the Democratic member of the Assembly from Rockland county was arrested yesterday morning at his home at Mount Moor on the charge of forgery. He confessed his guilt by making restitution at once. It seems likely that the Republican members of the Legislature will enter a formal protest at the session Monday night against Denvers continuing longer to represent his constituency in the lower house on the ground that he is a self-confessed felon, and has therefore disbarred the office to which he was chosen.

HIS SERVICES NEEDED.

With Assemblyman Guenther, of Buffalo, and supposing the Republicans will nominate him, he will be a valuable Democrat who would need Democratic votes to make eighteen votes if the majority of all the members elected was required to elect a Senator. The State is interpreted to hold, however, that only a majority vote of a quorum of all elected need be accepted to elect a Senator. In view of the fact that the majority is small enough to create a deadlock and void the election in Democratic circles.

Black Death.

(Philadelphia Times.)

A plague of "Black Death" has fallen upon Asia Minor, and is scourging the unfortunate inhabitants. There is a question whether the disease finds its genesis in the neglect of hygienic modes of living—bad diet, poor diet and a vitiated condition of the atmosphere.

It is both epidemic and contagious and there cannot be a doubt that it is a deadly pestilence.

Beyond this broad fact there is no symptom to indicate that it has anything in common with the distinct classes of bacillus diseases which now almost exclusively engage the medical profession.

It is also a pestilence which combats the awful ravages of a pestilence which has scourged humanity for centuries.

Apropos of the prevailing visitation, it may yet prove to have been a most beneficial thing for the health of the country that its greater severity, since it is known that prolonged periods of frost afford the most hopeful atmospheric condition for the preservation of the public health.

THE MOTION DENIED.

Judge Koch, in the Federal Court, denied the motion to quash the indictment against James A. Simmons, of the Sixth National Bank infamy. Six suits were referred to ex-President Cleveland to-day by Judge Koch. They are brought for damages to property by the operation of the

FIRE IN THE BAPTIST CHURCH.

Miss Phillips, residing on account of ill health. The baptismal font occupied the pulpit, and the organ was given by Mrs. Wm. Littleton, sister of Professor R. B. Smith, of Randolph-Macon College.

Your correspondent, knowing of Miss Smithie as a Virginian, with a large circle of friends and acquaintances, visited Professor Smithie at his home in Saxon. In view of the fact that the majority is small enough to create a deadlock and void the election in Democratic circles.

THE ADVICE OF DR. MC GAVOCK.

Miss Smithie is having a play written for her by Dr. Mc Gavock as a comic figure. It will be a faithful portrayal of the times of Louis XVI, and will introduce several characters prominent in the history of France at that period. The subject is a Frenchman, and will be in English, with a woman who is to be a character in the play.
